UNIST Library

How to Find Theses/Dissertations

- **Hardbacks: Library 3rd floor Theses/Dissertations Shelf**

- **Electronic files: Library website, dCollection, ScholarWorks, etc.**

To Find Hardbacks of Theses/Dissertations (1/3)

① Library website → **Search for theses/dissertations by keywords**

✂ Keywords: Title, author, advisor, department, etc.

② Search results: **Books & Medias** → **View all results**

The screenshot shows the UNIST Library website interface. At the top, there's an orange header with the UNIST LIBRARY logo and a user profile icon. Below this is a dark grey search bar with the word 'graphene' entered. To the right of the search bar are links for 'Advanced Search' and 'Citation Linker'. Below the search bar, there's a filter bar with 'ALL' selected. Underneath, there are buttons for 'BOOKS', 'ARTICLES', 'DATABASES', 'JOURNALS', 'VIDEOS', and 'WEBSITES'. The 'Books & Medias' section is highlighted with a red box, showing a count of 474. Below this, a list of search results is displayed, including titles like 'Graphene and Carbon Nanotubes Ultrafast Optics and Relaxation Dynamics' and 'Graphene synthesis and applications'. At the bottom right of the results list, there's a red box containing the text 'View all results'.

The screenshot shows the UNIST Library search results page. On the left, there is a sidebar with 'Personalize your results' and 'Show only' filters. The 'Show only' section has 'Available in the Library (62)' and 'Full Text Online (432)'. Below this is the 'Refine My Results' section, which is highlighted with a red box. It contains a 'Resource Type' filter with 'Books (436)' and 'Dissertations (38)' options. The main search results area shows 474 results for 'Books & Media', sorted by Relevance. The first result is 'Graphene and Carbon Nanotubes Ultrafast Optics and Relaxation Dynamics' by Malic, Ermin. Knorr, Andreas 2013, with 'Online access' indicated. The second result is 'Graphene synthesis and applications' by Choi, Wonbong. Choi, Wonbong 1963-; Lee, Jo-won 1952- 2012, also with 'Online access' indicated.

The screenshot shows the UNIST Library record page for a dissertation. The title is 'Preparation, structural characterization, and application of reduced graphene oxide-based hybrid materials' by Yang, Jieun 2015. It indicates 'Online access. The library also has physical copies.' Below the title, there is a row of buttons: 'View Online', 'Get It', 'Locations', 'Details', 'Tags', and 'Virtual Browse'. The 'View Online' button is highlighted with a red box. Below this row, there is a section titled 'Open source in a new window' with a dropdown menu for 'Actions' and a close button 'X'. The main content area displays the title 'Preparation, Structural Characterization, and Application of Reduced Graphene Oxide-Based Hybrid Materials' and a subtitle 'A thesis submitted to the Graduate School of UNIST in partial fulfillment of the requirements for the degree of Doctor of Philosophy'.
