APCs discounts (15%)

The discount is available to the paying author, which is usually the corresponding author.

The discount is calculated after **acceptance, not submission**. Additionally, the payment system does not automatically apply discounts. Instead, the author must complete a few steps to obtain the discount.

After the paper has been accepted, the corresponding author receives an email requesting payment and a link to the payment page. On the page, there is a button called “**Apply Discounts**” that brings up the window below. The author must then search and select their institution from the list. (UNIST)
