저작권 선택

저작권 선택

저자는 저작권 옵션을 확인할 수 있습니다.

해외 공공기금과 관련된 논문이 아닌 경우, 저작자 소유 (Contributor-owned work)를 선택합니다.

Copyright ownership

The following steps will establish who has copyright ownership for the work.

When we have identified the relevant copyright owner(s), we will provide instructions on how the license(s) can be signed and submitted.

Do you own the copyright to this work?

Please select and confirm from the following options:

☐ Yes, I own the copyright to this work

This is the correct selection for most works.

In most academic and healthcare institutions, faculty retain the copyright for work that they have authored. Please check with your institution to see if different policies apply.

☐ No, I do not own the copyright to this work

Another party may own the copyright to this work.

This can apply if:

- This work was completed as part of official duties during the course of employment (example employees where this can apply):
 - Local government agencies (U.S., U.K., etc.)
 - Private companies
 - Intergovernmental Organizations (IGOs) or Para-governmental Organizations (PGOs)
- There is a related clause outlined in the original statement of work
- The work has been contracted or made for hire

Please specify who owns the copyright for this article

The answer to this question will tell our system whether you are authorized to sign this form yourself, or if you will be required to obtain another signature in order to legally transfer or retain copyright.

☒ Contributor-owned work

This is the correct selection for most authors. It is customary in most academic and healthcare institutions for faculty to retain copyright for articles that they have authored. Please check whether different policies apply in your institution.

☐ U.S. Government work

Applies only if your work was authored as part of your official duties as a United States federal government employee; such works are in the public domain in the U.S.

☐ U.K. Government work

Applies only to employees of the U.K. Government.

☐ Non-Governmental Organization work

Applies only if the work was carried out during the course of employment by a Non-Governmental Organization.

☐ Other Government work

Applies only to government employees outside of the U.S. and U.K.

☐ Company/institution-owned work

This does not typically apply to most universities and academic institutions. Applies when an organization, often a commercial corporation, owns the copyright of a work either because there is a specific clause in the author's contract of employment that states the company/institution's ownership of its employees' intellectual property, or it has been contracted (made for hire).

기관 관리자에게 오픈액세스 논문 출판 비용(APC) 지원 요청이 전달됩니다. 기관 관리자가 Wiley Open Access Dashboard에서 해당 요청을 승인하면 절차가 완료됩니다.

절차가 완료되면 저널의 오픈액세스 온라인 게재 과정으로 넘어가게 되며 저널에 따라 소요 시간이 상이합니다.

Article is eligible for Open Access through your Institution at no fee

Good News! Because you are affiliated with MAX-PLANCK-GESELLSCHAFT, fees to publish your article open access have already been paid through Germany's nationwide DEAL agreement. Therefore, confirm open access when asked. This will increase the visibility and impact of your research; the fees to publish open access are already covered and opting out of publishing open access would not save you or your institution money.

Your entitlement to open access publishing provided by DEAL as corresponding author of the article, will be verified by the institution selected above. Please ensure your institutional affiliation here matches the one in your proofs, ahead of publication.

Visit the [Projekt DEAL Agreement](#) page for more information.
