Publishing model choice

If an author does not have an agreement available to cover the costs of publication, they will be given the option to either publish subscription or pay for open access using other funds.

If they select open access, they will have the opportunity to provide billing details.

저자의 출판 비용을 충당할 수 있는 계약이 없는 경우, non-OA로 출판하거나 저자가 직접 APC를 지불하는 옵션이 제공됩니다.

오픈 액세스를 선택하는 경우 청구 세부 정보가 제공됩니다.

Publishing agreement

Choose how to publish

We encourage you to publish open access if you can — it makes your research more widely available. However, you will need to have the funds to pay the article processing charge (APC).

We suggest that you explore your funding options — it makes your decision easier. How to get information:

- Check our [list of funders](#) first, as your APC funding may be covered
- Consult our [funding support service](#)
- Contact the librarian at your institution

We know that this is not a quick decision — if you want to look for help to pay this before making a choice, you can return to this page when you're ready.

Please select your publication model:

☐ Publish open access - everyone can read your article for free online
The APC for this article is £3780.09 / \$4080.50 / €4120.89. The final amount will depend on any local taxes or admin fees.

☐ Publish subscription - readers will need a subscription to access your article
Check the conditions of your funding before choosing subscription. Some funders require immediate open access (read about [open access policy requirements](#)).

If you select the subscription publishing route, you accept the journal's standard licensing terms - including embargo and [self-archiving policies](#). These terms replace any others that anyone may declare to apply to any version of the manuscript.

APC가 포함되지 않은 경우 저자는 직접 지불하거나 non-OA를 사용하여 게시해야 합니다. 그런 다음 저자는 자신이 특정 정부의 직원인지 아닌지 확인하여 저자를 위한 계약서를 생성할 수 있습니다.

Agree to publish

Before we can continue with the publication of your article, we need you, the corresponding author, to provide us with permission to publish.
