

Applied Science & Technology Source Ultimate

EBSCO

The background of the slide is a blue-tinted photograph of a library. In the foreground, a person with blonde hair is seen from the side, sitting at a desk and looking at a computer monitor. The desk also has a laptop and some papers. In the background, there are tall bookshelves filled with books. The overall lighting is soft, and the blue tint gives it a professional, academic feel.

Applied Science & Technology Source Ultimate provides students with **MORE of what they need for successful STEM research:**

- **MORE** active, full-text peer-reviewed journals
- **MORE** international content with full-text journals from Europe, Asia, Africa, Oceania and Latin America

Applied Science & Technology Source Ultimate strengthens exposure to open access journals

- Applied Science & Technology Source Ultimate includes rigorous curation and indexing of open access (OA) journals, which has resulted in a growing collection of **2,082 active global OA journals**
- Once validated and certified for inclusion, these OA journals are treated with high-quality subject indexing and sophisticated, precise/accurate full-text linking
- EBSCOhost databases and EBSCO Discovery Service generate a lot more referrals for DOAJ than any other online platform

“Not only does EBSCO support [the Directory of Open Access Journals] with a generous financial donation every year, their **EBSCO Discovery Service and EBSCOhost platforms generate a lot more referrals to DOAJ than any other online platform.** EBSCO’s strong support of both open access and open source make them unique among library vendors worldwide.”

Lars Bjørnshauge,
Managing Director, DOAJ
(Directory of Open Access Journals)
